

the gift *of* quality time

from waiting room to living room

Spending time with the people you love is precious.

For over 10 years, Providence Hospice has empowered those suffering from a life-limiting illness to be cared for where they feel most comfortable.

Common experiences without the assistance of hospice.

- Repeated hospitalizations
- Frequent physician visits
- Severe illness, pain and symptoms
- Increased utilization of medication
- Decreased ability to socialize
- Weight loss
- Loss of independence

How can Community Hospice of Texas help?

- Registered Nurses to manage the illness wherever the patient calls home
- Physicians available for emergency consult and prescription medication
- Registered Nurses available 24 hours 7 days a week to assist with any situation that could occur
- Medication delivered to the home
- Durable medical equipment and supplies to assist caregiver and provide patient comfort
- Chaplains to intervene and respond to needs when reassurance is needed
- Social Workers available to assist with needed resources and listen when the illness becomes overwhelming

Providence Hospice
your local, non-profit hospice provider since 1995

“a gift”
“We spent a great deal of time at the hospital and in the doctor’s office during my husband’s illness. After a while, it became cumbersome and painful for him to be in the car. Once we started hospice, the care providers came to us. We were able to care for him at home where he was most comfortable, surrounded by family and friends.”
